Teach in Novel and Interesting Ways

Airplanes
Airplanes fly in the sky, zoom, zoom *(2)*
round and round the clouds they go
Flying High, Flying Low
Shh, I think I hear one now...
ZOOOOOOOOM!

Come on over!
Come on over and clap your hands!....
Come on over and turn around!...
Come on over and stomp your feet!...
Come on over and sit right down...

Hand-Washing Magic
I'm going to wash that dirt
right off of my hands
(x3 with gestures)
And send it down the drain!

The Bee Hive
Here is the bee hive,
Where are the bees?
Hidden away where nobody sees.
(fist-thumb tucked into fingers)
Watch and you'll see them
Come out of the hive
One, two, three, four, five.
(count one finger for each number)
BUZZ-Z-Z-Z-Z! *(flutter fingers)*

The Goodbye Song
Goodbye friends,
goodbye friends,
goodbye friends, it's time
to say goodbye!
Goodbye Audrey *(insert puppet kiss here)*
Goodbye Johnny
Goodbye Maggie...
It's time to say goodbye!
